CAMHS ALLIANCE TRANSFORMATION PROJECT

Who we are:

City and Hackney is committed to whole system seamless working throughout our local service offer. This is why the multi-agency CAMHS Alliance was created in April 2015. The Alliance facilitates better partnership working and ensures we deliver integrated pathways that can effectively reach more children, young people, families, schools and the wider community.

The Alliance delivers change through the CAMHS Alliance Transformation Programme (Plan). During Phase One of the plan (2015-2017) an improvement programme was set around ten themes identified as key priorities during consultation with local children and young people, families, local voluntary sector organisations and local statutory sector services.

In September 2017 we started Phase Two which aims to build on the original plan using the information and outcomes produced by the original transformation programme. A key element of this second phase of the CAMHS Transformation is the review and redesign of existing service deliver and the application of new and innovative ways of working.

As part of the Phase Two initiative, the CCG commissioned the CAMHS Alliance to map existing CAMHS pathways and develop pilots to support service redesign in mid-2017/18. The key pathways the Alliance are addressing are:

- Interfaces with Schools
- Parenting
- Transition points in children's life (e.g. Y6 - Y7, from CAMHS to adult services)
- Crisis

The Alliance is formed by different teams and partners that work across City & Hackney and deal with a range of issues, of diverse severity and with specific groups of population.

In the next pages you can find a description of each of the services that are part of the Alliance, what they do and who is eligible to access them, as well as how to refer a young person who might need their services.
What we do:

First steps is a service for children, young people and their families who have mild to moderate mental health problems. The service includes:

- early access to a mental health service for mild to moderate psychological problems
- a range of individual and group interventions
- parenting support
- mental health promotion and teaching, training and consultation to frontline professionals working with children and young people
- development of projects which support and empower parents and community groups
- referral onto tier 3 specialist CAMHS if required.

Who is eligible?

We work with children and adolescents:

- Aged 0-18 years
- With mild to moderate mental health difficulties
- With a GP in City & Hackney
- Where the legally responsible parent/guardian has given consent for referral
- Who have psychological difficulties which are likely to be helped by a short-term psychological intervention

* First Steps are unable to accept referrals for families who are currently open to Children’s Social Care

What we do:

The Children and Families Clinical Service works with children and young people and their parents and carers who are receiving support from Children’s Social Care, Young Hackney, the Family Support Service and the Youth Offending Team.

The team of health and education professionals offer a full range of CAMHS services including specialist clinical assessments and individual, family and group therapy and are part of the CAMHS Alliance. They support children and young people and their families who: have mental health needs, are experiencing issues and stressors, are struggling with emotional and behavioural issues, and/or where there are child protection concerns.

Who is eligible?

The Clinical Service is unique in its accessibility and integration with other services for children and young people provided by the Local Authority. The clinical team works with children and families who are receiving support from the local authority services such as:

- Children’s Social Care
- Young Hackney
- Youth Justice (YOT) and
- Family Support

What we do:

Off Centre is a counselling, therapy, advocacy, advice and psychosocial service for young people aged between 11 and 25 who live, work or study in Hackney. Our services are free, confidential and aimed at helping Hackney’s young people to have greater control over their lives. We help people with all kinds of emotional and practical issues including:

- sexuality
- bereavement
- violence
- depression
- accommodation
- college
- stress
- abuse
- family breakdown
- self-harm
- anger
- neglect
- identity and more.

Who is eligible?

Off Centre is a service for young people aged 11 to 25 who live, work or study in the London Borough of Hackney. We accept referrals for counselling, psychotherapy and art psychotherapy, as well as offering advice, information and guidance. We also run an LGBTQI group called Indigo. We accept contacts from young people directly, and referrals from professionals.

Family Action is a national charity that transforms lives by providing practical, emotional and financial support to those who are experiencing poverty, disadvantage and social isolation across the country. Our work supports families when they face complex needs and challenges - including domestic abuse, substance misuse and mental health issues – and it ranges from intensive family support, specialist therapeutic work, conflict management and relationship support, and advice and wellbeing services.

Who is eligible?

Hackney Wellfamily Plus Service is funded by City and Hackney CCG and covers all GP practices across six consortia groups. This service offers holistic assessments, advice, information, emotional and practical support for people aged 16+. The service is here to enable individuals, couples and families to manage their mental health by preventing deterioration. To access the service you have to:

- Be more than 16 years old (that includes parents of younger children who can be referred)
- Have a Hackney GP

We also offer free Parent Support courses (Parents as Partners) for parents with at least one child under the age of 11 who want to resolve issues that might be affecting their children's wellbeing.

Please visit our website for more information about how to access each of our services in your local area.
What we do:

Young Hackney offers early help and prevention services for children and young people aged 6–19, or up to 25 years if a young person has a special education need and/or disability.

We provide a broad range of individual support that always considers family and peers, within home, school, and community settings including at our youth hubs. Young Hackney positively and pro-actively engage young people, and establish helpful relationships with trusted adults to support the achievement of positive outcomes.

We run universal services such as youth, sports, play and citizenship activities, combined with offering individual help for those children and young people who need additional support, such as:

- Those at risk of exclusion from school or young people not in education, training or employment
- Young people who offend, are at risk of offending or who are victims or perpetrators of violence
- Young people who are at risk of sexual or other types of exploitation
- Young people expressing concerning sexual attitudes or displaying harmful sexual behavior
- Those young people who are experiencing physical or emotional health and wellbeing difficulties
- Young people who need support to develop healthy friendships or peer relationships
- Young people with additional needs or have caring responsibilities
- Young people who have experienced or been impacted by inequality and/ or discrimination

Young Hackney also offers specialist substance misuse services for young people aged 6-25 years and has a dedicated Health and Well-being team offering high quality PSHE and health interventions.

- info@hackney.gov.uk

How to refer to our service:

There is no wrong way to access support. Young people can visit their local Young Hackney youth hubs to get involved in activities, or access support. There are four hubs in the Borough (The Edge, Forest Road, Concorde and Stoke Newington) you can find information about each Youth Hub on our website.

If you have a question about the service, contact us by phone, email or visit us in one of our hubs. You can also send us your question through the ‘Ask us anything’ contact form on our website.

Professionals can make a referral for a young person by emailing: cyPPP@hackney.gov.uk
